

### PRODUCT DESCRIPTION

IMG® Fast Starting Fluid is designed to ensure ignition in extremely cold temperatures (down to -67°F) and in areas with very high humidity.

### FEATURES

- Highly concentrated, premium ether formula
- For use in gasoline and diesel engines
- Promotes fast and easy starts
- Reduces wear on batteries, starters, and spark plugs

### DIRECTIONS FOR USE

**Do NOT flood the engine with fuel before using. Product is highly flammable and improper use can cause severe engine damage and/or bodily harm.**

**Use IMG® Fast Starting Fluid ONLY in a well-ventilated area.**

1. Shake the can well before using.
2. Make certain that the carburetor clean and dry.
3. Holding the can upright, about 6-12 inches away from the air filter or carburetor, spray a 2-second burst of IMG® Fast Starting Fluid directly into the air intake manifold or carburetor.
4. Step away from the engine to a safe distance.
5. Start the engine.
6. Repeat steps 1-5 up to 3 times if the engine does not start.
7. If engine does not start after the third attempt, check the ignition and then seek assistance of a repair professional.
