

PRODUCT DESCRIPTION

IMG® MultiPurpose 100% Silicone Sealant is a 100% mildew resistant, acetoxo-based high performance silicone designed for many applications. It is formulated as a one component, permanently flexible, silicone and offers excellent adhesion. It is recommended for high moisture areas such as marine, baths, and walk-in coolers.

Applications

- Walk-In Cooler Applications
- Kitchens & Bath Applications
- Cultured Marble Applications
- Marine Applications
- Industrial Applications

FEATURES

- 100% Anti-Microbial Formula
- Food Grade Compliant
- FDA/USDA Compliant
- Approved for Cultured Marble
- Excellent Adhesion
- Non-Sag & Slump
- 75 Year Durability
- Quick Curing
- Consistent Gunability & Tooling

DIRECTIONS FOR USE

Surface Preparations:

The substrate must be clean, dry, frost free, sound and free of any oils, greases or incompatible sealers, paints or coatings that may interfere with adhesion. Do not apply if surface is damp or contaminated. It is recommended to test all substrates prior to applications

How To Use:

For Best Results, ensure surface is clean, dry and free of oil or grease. Cut tip off of cartridge and screw on nozzle. Apply with a caulking gun forcing sealant onto the substrate, then tool if needed. Sealant will gain a skin in 12 minutes and exhibit full cure within 24 hours. Can be applied in warm or cold conditions. Clean excess material with mineral spirits or similar solvent. It is the user's responsibility to thoroughly test any proposed uses with any and/or all substrates.
